The Doings of the Y's Girls

Gift Service

Have you paid your pledge? Eight hundred dollars of the \$2,000 pledged has not been paid. The Y. W. C. A. needs this money in order to finance through the remainder of the fiscal year, but there is another reason why this pledge should be paid: there is a personal obligation to see that a promise made be a promise kept. Coin envelopes are being distributed to those who have not yet paid their pledges and they are urged to bring the money to a Gift Service in the auditorium Wednesday night, April 18. Any gifts beyond the amount pledged would be greatly appreciated.

Second Series Interest Groups

The "Charm School" held in Johnson Hall way back in the dark ages of second term met a need which we had felt for a long time. But the requirement of personal charm was only one of our problems. We have others, equally urgent. Some of these we will be given an opportunity to discuss in a second series of interest groups opening next week in Johnson Hall. The program for these meetings is as follows:

Dr. Holmes—Basis for Moral Standards, Tuesday, April 17, and Thursday, April 19.
Dean Scudder—What to Do When We Get Out of College, Tuesday, April 23, and Thursday, April 25.
Miss Jones—Building a Christian Social Order, Tuesday, May 1, and Thursday, May 3.
All of these meetings will be held in Johnson Hall from 4 until 5 o'clock in the afternoon. Everyone is invited to enter or all. No signing up is necessary. Just be there if you are interested.

In order that you may have some idea of the nature and purpose of the first group, Dr. Holmes has kindly submitted the following outline of her plans:

Basis for Moral Standards

The formation of this interest group is in response to the feeling in the hearts of youth that there should be a clear understanding of the fundamental truths which make for happiness or unhappiness in the lives of men and women in their social relationships.

That there must be some way to distinguish between the right and the wrong ways of working and playing together in order that the inalienable rights of personality may be sustained in a constructive manner rather than that which may prove to be destructive.

First, that it shall be born under proper conditions.

Second, that it shall have the complete birthright of a sound mind in a sound body.

Third, that it shall have wholesome surroundings.

Fourth, that it may be able to express in fullest measure the spirit within which is the final endowment of every human being.

ALEXANDER SAVINE IN NEW ORLEANS

(Concluded from page one)
in personal touch with talented musicians who desire to study profoundly and who are unable to face the cost of New York, Paris or Vienna training," Mr. Savine continued.

"Winthrop College, the second largest woman's university in this country, has been my headquarters for North and South Carolina, Georgia and Florida. Now, by request, I am establishing another studio in New Orleans as a center for Louisiana, Alabama and Mississippi."

For 22 years Mr. Savine, who maintains several master classes in Europe and must hurry to them after his local engagement, has sung and acted in and produced grand operas, with some of the most famous singers under his direction.

It takes a girl with dreamy eyes to keep the men awake.
